Securing your block

To secure the purchase of a block of land you are required to sign a contract which:

• Provides for a ten (10) business day cooling off period (Please note: a business day does not include a weekend or a public holiday)

• A deposit of 0.25% of the purchase price (e.g. \$750.00 if a purchase price of \$300,000) is required upon signing. The balance of the 10% purchase price is payable upon or before the expiration of the cooling off period. (In the previous example given, this would be \$30,000 - \$750.00 = \$29,250.00) which would be the balance payable.) Please Note: the payment of a deposit without signing a contract will not secure you the block.

• Home owners; For most people who currently own a home and wish to secure a block of land, the balance of deposit security (following the initial 0.25%) is typically by way of a Deposit Bond. This is certificate from the bank/building society that substitutes a cash payment.

• Having exchanged contracts, you have locked the owner in and every other buyer out. You (and not the owner) have the right to withdraw out of the purchase at any time prior to the expiration of the cooling off period (this requires service of an appropriate notice by your legal representative to the vendor's legal representative). In these circumstances, you forfeit your initial 0.25% of purchase price to the vendor
